

GAUNTLET
Birds of Prey
EAGLE & VULTURE PARK

A little bit about us.

Gauntlet birds of prey is located just outside Knutsford, Cheshire.

The centre has been established since 1996 and was born from a simple idea that education, conservation and a love for nature are all connected.

We are home to over 180 birds of over 50 different species many of which are part of our daily flying demonstrations and experiences. The daily demonstrations have become one of our most talked about events, as they are one of the largest demonstrations in the UK.

Whether visiting us for the day or inviting us to be part of your special day, we pride ourselves on the personal touch we bring to every event we are a attend.
